Brill MCB 6'4" truck used on ITS 1050 frt motor	pr \$96.00
Kit consists of 40 lost wax castings	
Alco 7'2" loco trucks used on ITS class B	
Kit consists of 16 lost wax castings	pr \$65.00
Truck kits do not include bolsters or springs as these will be determined by builder's track gauge (finescale or standard 0). Please allow 6-8 weeks shipping as parts are in short supply and supplier is slow.	

3828 St. Joseph Court
Lake Station, IN 46405

East Gary Car Co. is now operating Ashland Car Works. We need plans for the bus, moving van Brill semi-convertable streetcar and others. All assistance is gratefully accepted. We are now offering parts for ACW kits if you need them. Let us know your needs.

Deck roof kit for street car

\$19.00

More to come.

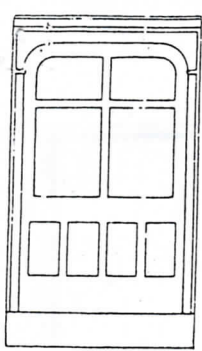

3828 St. Joseph Court
Lake Station, IN 46405

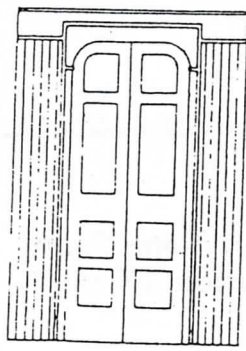

East Gary Car Co. has retooled the former ICC parts #100 and #200. The tooling and parts are made in the U.S.A. Because of tooling constraints, it was necessary to leave out the groove on the back of the parts. Instead, the side panels were narrowed and do not need to be trimmed. This will make construction easier. If you need wide window posts, use scribed styrene between posts.

100 Side panel rectangular upper sash	\$3.00
200 Side panel arch upper sash	\$3.00
RA Roof Interurban very round end	\$12.95
RE Steam road roof approx. 80' long	\$12.95
A-1 End very round THI&E etc.	\$3.00
C-1 end flatter	\$3.00
C-2 End	\$3.00
C-3 End	\$3.00
E-9 End, railroad	\$3.00
102 Passenger door	\$1.75
103 Oval window panel	\$1.75
104 Baggage door	\$1.75
205 Three single arch window panel	\$2.50
V-9 Bulkhead	\$1.50

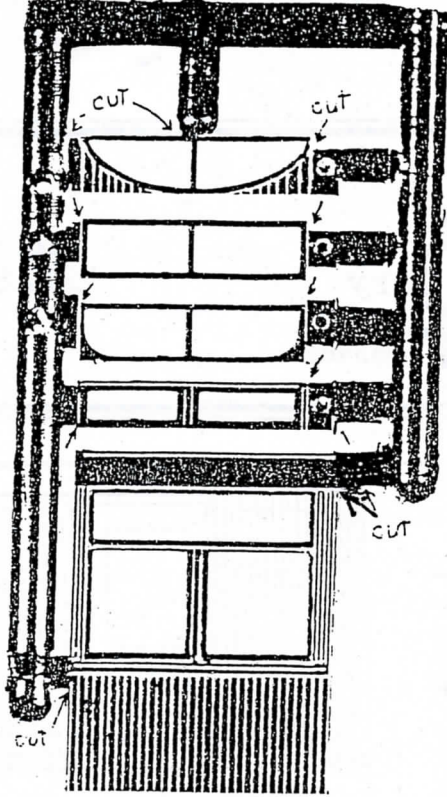

Roofs are in short supply so don't wait. All parts listed here are in stock.
